

An aerial, grayscale photograph of a university campus. On the left, a large, ornate brick building with a prominent clock tower and multiple gables. In the foreground, a classical building with a portico and columns, labeled 'LANGDON HALL' on its pediment. The campus is filled with trees and pathways. The sky is cloudy. The text 'Cyber News: Research CopyFail' is overlaid in the center in a bold, dark blue font.

Cyber News: Research CopyFail

EHC Kickoff!

August 25th, 2026

An aerial photograph of a university campus, overlaid with a dark blue semi-transparent filter. On the left, a large, ornate building with a prominent clock tower is visible. In the foreground, a building with a pedimented entrance is labeled 'LANGDON HALL'. The campus is surrounded by trees and greenery. The text 'Meet The Officers' is centered in white. A solid orange triangle is in the bottom right corner.

Meet The Officers

President:
Marshall Nelson

Year:
Final Year Master's

Major:
Cybersecurity Engineering

Cyber Interest:
Reverse Engineering

Fun Fact:
**I have spent the last two
summers in two different
states!**

Vice President: Matthew Pepe

Year:
Senior (kind of)

Major:
Computer Science

Cyber Interest:
Pentesting + IT/OT Incident
Response

Fun Fact:
Setup in a Wendy's

Public Relations: Nate Buck

Year:
Junior

Major:
Computer Science

Cyber Interest:
AI + Pentesting

Fun Fact:
I can play guitar and drums

Webmaster:
Gabe Capron

Year:
Junior

Major:
Computer Science

Cyber Interest:
**Incident Response Analysis +
Threat Intelligence**

Sad Fact:

**I won't be able to make it to
any of the meetings :(**

EHC Secretary: Cooper Jackson

Year:
Senior

Major:
Software Engineering

Cyber Interest:
Blue teaming + Sysadmin

Fun Fact:
Mediocre at rock climbing

EHC Treasurer:
Lucas Fernandez

Year:
First Year Master's

Major:
Cyber Security

Cyber Interest:
Network Security

Fun Fact:
I have a right hand drive car.

Technical Advisor: James Weaver

Year:
First Year Master's

Major:
Cyber Security

Cyber Interest:
IR + Pentesting

Fun Fact:
I do not have a right hand
drive car.

Technical Advisor: Enoch Yang

Year:
Second Year PhD

Major:
Computer Science

Cyber Interest:
Binary Analysis + AI

Fun Fact:

Polar bear liver vitamin A: 15k-30k IU/g

Acute toxicity: 500k at once

How much polar bear liver you can eat before
acute vitamin A toxicity: 16.6g - 33.3g (or 1-2
tablespoons of polar bear liver)

Introduce Yourself!

Fun Fact

An aerial photograph of a university campus, overlaid with a dark blue semi-transparent filter. On the left, a large, ornate building with a prominent clock tower is visible. In the foreground on the right, a classical-style building with columns is labeled 'LANGDON HALL' on its pediment. The campus is surrounded by trees and greenery. The text 'What is Ethical Hacking Club?' is centered in white. A solid orange triangle is in the bottom right corner.

What is Ethical Hacking Club?

Club Goals

1. Introduce students to the diverse fields and disciplines within cybersecurity (offense, defense, forensics, etc.)
2. Develop practical, hands-on skills through CTFs, labs, and real-world tools
3. Guide students toward career readiness, aligned with their individual goals
4. Build community among students interested in security, creating a space to collaborate and share knowledge

An aerial photograph of a university campus. On the left is a large, ornate brick building with a prominent clock tower. In the foreground on the right is a white building with a pedimented entrance labeled 'LANGDON HALL'. The campus is filled with trees and green spaces. In the background, a large stadium is visible under a cloudy sky. The word 'Competitions' is overlaid in the center in a dark blue font.

Competitions

DOE CyberForce

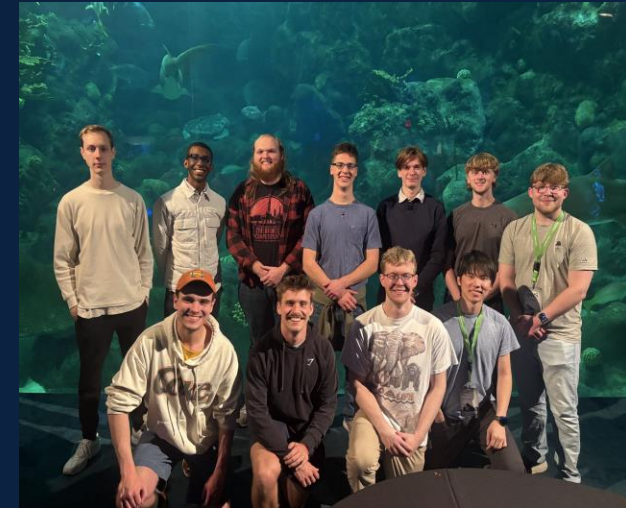

- Live Attack-Defend Competition
- Skills: Network Hardening, Live Attack Mitigation/Remediation, IT/OT Defense, and Service Uptime
- 2-3 Auburn Teams, takes place in Chicago; Nov. 13-14

U.S. DEPARTMENT OF ENERGY'S
CYBERFORCE® PROGRAM

Southeastern Collegiate Cyber Defense Competition (SECCDC)

- Live Attack-Defend Competition
- Skills: Network Hardening, Live Attack Mitigation/Remediation, IT Defense, and Service Uptime
- One Auburn Team with potential possible exhibition teams, Remote Quals; Early February 2027, exact dates TBD.

National Cyber League

- Separate Individual and Team Competitions
- Traditional Jeopardy-Style CTF
- Top 500 Individual Placements Receive a Challenge Coin

NCL Spring 2025 Team Game

The NCL Team Game is designed for student players nationwide to compete in realtime in the categories listed below. The Team Game promotes camaraderie and evaluates the collective technical cybersecurity skills of the team members.

15TH PLACE
OUT OF 457
EXPERIENCED STUDENTS RANK

2825 POINTS
OUT OF 3000
PERFORMANCE SCORE

97th Experienced Students
Percentile

Average: 1594.9 Points

Average: 66.4%

Average: 62.4%
